## TPD HAPPENINGS

- Our Special Operations Unit conducted an undercover campaign which was one of the most organized I've seen. This campaign put a dent in drug sales within the City.
- We conducted a hiring board the Training Sergeant is now in the process of conducting background investigations on two who were recommended by the review board.
- We are currently working on putting together a Crime Scene Unit. We will be using one of our detectives, providing them with the training to process crime scenes. This goes along with current strategic plan to address various violent and property crime.
  - UPDATE: Detective Conover has begun his training process, and working with High Point PD to get our program underway.
